Boil Water Rescind Notice

May 16 2025

On May 14, 2025 the Texas Commission on Environmental Quality required the East Bell Water Supply Corporation PWS # 0140118, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of May 16, 2025.

If you have questions concerning this matter, you may contact Cheryl Walden at (254) 985-2611 or Randy Frei at (254) 985-2243

If a customer wishes to contact the TCEQ, they may call 512-239-4691.
